

# EKI-2701MPI-R Extender

## HDBaseT Gigabit 60W PoE Extender

### Overview

The EKI-2701MPI-R with high power PoE extender is designed to extend the connection easily without redeploying cables and power up to 30 watts with each PD device. It enables

connections of Ethernet equipment to extend the distance of network communications. The EKI-2701MPI-R expands power and data, allowing PD device to be powered via an external PoE extender as if it had a local power supply.
